

Deceased Farm considers the safety and well-being of our customers and staff as our absolute number one priority. As a result of Covid-19, we are implementing several new policies and procedures to ensure a safe haunted attraction experience for all.

- All guests, actors, and staff members will be required to wear face masks or approved face coverings. If a guest does not have a face mask, one will be provided free of charge.
- Guests will be required to have their temperature read by a touch-free thermometer located outside of the ticket booth's front door. Anyone who displays a temperature of 100-degrees Fahrenheit or greater will not be allowed to continue inside. Those who have a temperature of 99.9-degrees Fahrenheit or less will be given a wrist band to proceed inside the ticket booth.
- Actors and staff members will also have their temperatures checked, and will not be permitted to work if their temperature is above 100-degrees Fahrenheit or if they display any other symptoms.
- Our actors have had training all summer to ensure a safe and socially distanced experience for our guests. They will be ensuring their areas are sanitized between groups, and will be giving the same frightful show you are accustomed to from a safe distance.
- Our staff members will be ensuring all public areas outside of the attraction and commonly touched surfaces inside the attraction are sanitized throughout the night.
- Hand sanitizing stations have been placed throughout the property and we urge you to sanitize your hands before and after entering our attraction.
- We have taken special measures to design the haunted attraction in a manner that limits the amount of frequently touched surfaces.
- 3D glasses will not be reused, and are included in the ticket price as a souvenir.
- Our actors' masks and costumes will be sanitized nightly, and our makeup artists have been trained to disinfect or dispose of makeup applicators between actors to prevent cross contamination.
- We will be limiting the size of groups and increasing the amount of time between groups to ensure social distancing.
- The Midway and queue line are set up in a way that encourages social distancing, and throughout the season we will be monitoring the situation and making changes accordingly to optimize social distancing.
- Our staff will be enforcing social distancing in the midway as well as inside the haunted attraction.
